

Hazardous Substances Practical Seminar

SAFETYTM
ACTION

AXIOM
TRAINING

Get a relevant workplace practical understanding and knowledge on how to deal with chemicals in the workplace.

Capacity

12 attendees

Duration

Half Day (4 Hours)

Locations

At our local training centre
At your own site or workplace

Overview

This course is designed to assist organisations that require training for their staff to comply with regulation 4.5 of the Hazardous Substances Regulations 2017. A site survey will be conducted to identify and prepare our experienced trainers to deliver the content you require.

Prerequisites

Students need to have 3 months of work experience in the industry prior to doing the course.

Course Content

- ✓ Knowledge of obligations under the Hazardous Substances Regulations 2017 Regulations
- ✓ Understanding the physicochemical and health hazards associated with chemicals at work
- ✓ Site Specific procedures for safe storage and handling of plant and substances
- ✓ Emergency procedures relevant to their site
