

Chainsaw Safety

**SAFETYTM
ACTION**

**AXIOM
TRAINING**

This course is aimed at producing a chainsaw operator who is able to safely demonstrate and apply the knowledge for chainsaw use contained in the Approved Code of Practice.

Capacity

6 attendees

2 Day workshop

16 hours

Locations

At our local training centre
At your own site or workplace

Overview

It is designed for the occasional user as an introduction to operating a chainsaw in a workplace and can be customised to incorporate specific company policies and procedures.

Trainees will be able to demonstrate and apply their responsibilities under the requirements of the Health and Safety legislation in relation to chainsaw operation. This is not an advanced course and does not cover tree felling.

Best practice is completion of refresher training every 2 years.

Prerequisites

There are no pre requisites required for this course.
