

Safe Tractor Operation

**SAFETY^N
ACTION**

**AXIOM
TRAINING**

This course teaches the knowledge, skills, and attributes for all essential areas of the unit standards covered in this course, enabling the individual to drive a tractor effectively and safely in varied terrain.

Capacity
8 Attendees

Duration
2 Days (16 Hours)

Locations
Training available nationwide at your own workplace

Overview

This course teaches the knowledge, skills, and attributes for all essential areas of the unit standards covered in this course, enabling the individual to drive a tractor effectively and safely in varied terrain.

This involves assessing the worksite, how to implement hazard and risk management protocols, preparation of the required documentation, and how to safely lift and place loads

This course is based on coaching and assessment only and is designed for trainees with experience in crawler crane operation.

Prerequisites

Successful completion of unit standard 19044 (describe the legal requirements and occupational hazards associated with tractor use - covered in the course).

No licence is required if 100% of use is on private property with no public access. Where public land is to be accessed a minimum of a full class 1 licence and registration is required.

Course Content

- ✓ Describe the legal requirements for tractors and tractor users on both private property and on public roads
- ✓ Drive a tractor on hilly terrain
- ✓ Check and service a wheel tractor and implement before use
- ✓ Attach an implement to a tractor
- ✓ Drive a wheel tractor and implement safely over flat terrain
- ✓ Detach an implement from a tractor
- ✓ Describe occupational hazards associated with tractor use
- ✓ Identify factors that affect tractor stability

Elective Unit Standards

24538 Describe tractor stability and the dynamics of tractors and attached implements

24539 Maintain and use a power take off (PTO) driven implement attached to a tractor under limited supervision

27604 Operate a tractor with an attached implement on rolling terrain under limited supervision.

31914 Attach and detach a power take off driven 3 point linkage mounted implement to a basic tractor under close supervision.
