

# Light Utility Vehicle (LUV) Refresher

**SAFETY<sup>TM</sup>  
ACTION**

**AXIOM  
TRAINING**

This course teaches the knowledge, skills, and attributes for all essential areas of the units of competency covered under the best practice guidelines for Light Utility Vehicle (LUV) driving in the workplace.

## **Capacity**

10 attendees

## **2 Day workshop**

16 Hours

## **Locations**

At our local training centre  
At your own site or workplace

## **Overview**

The course is targeted specifically for operators of LUVs used in the workplace and teaches trainees to ride effectively and safely over varied terrain. The trainee will be able to demonstrate the appropriate responsibilities of a driver with strong emphasis on accident prevention. A high level of safe decision-making is also promoted as well as riding techniques that minimise negative environmental impact.

We can customise the course to incorporate company-specific operating and site access procedures and protocols relevant to individual workplace requirements.

## **Prerequisites**

For public land or roads, current class 1 licence and registration is required. There are no licence prerequisites for use on private land with no public access

## **Unit Standards**

**24553** Drive a Light Utility Vehicle on flat terrain

**24556** Demonstrate knowledge of the safe operation of a Light Utility Vehicle (LUV)

**24558** Drive a Light Utility Vehicle (LUV) on hilly terrain
