Capacity

12 Attendees

Half Day Training

4 Hours

Locations

At your workplace

Overview

This 4-hour refresher course is designed to support forklift operators and workplaces in maintaining compliance with certification for industry standards. It will update any legislation, bridge skills or knowledge gaps and reinforce the primary purpose being driver safety and safe work practices.

Prerequisites

Students need to have 3 months of work experience in the industry prior to doing the course.

Course Content

- ✓ Demonstrate knowledge of the safe operation of a forklift
- ✓ Conduct pre-operational inspection and start-up procedures for a forklift
- ✓ Demonstrate safe driving skills on the road and consider various environmental factors
- ✓ Park and shut down the forklift, ensuring safety and security
