

Forklift Operator

**SAFETYTM
ACTION**

**AXIOM
TRAINING**

Safety 'n Action will assist you in developing a clear understanding of the safety aspect relating to driving a forklift, and actively engage you in performing pre-operational inspections, reporting maintenance, and park and shut down procedures.

Capacity

10 Attendees

1 Day Training

8 Hours

Locations

At your workplace

Overview

This course develops the skills, knowledge and confidence required to start up, operate and drive a forklift in a range of environmental conditions. You will understand the importance of load stability and be able to safely maneuver loads in/out and around traffic and structures.

Prerequisites

Students need to have 3 months of work experience in the industry prior to doing the course.

Course Content

- ✓ Demonstrate knowledge of the safe operation of a forklift
- ✓ Conduct pre-operational inspection and start-up procedures for a forklift
- ✓ Demonstrate safe driving skills on the road and consider various environmental factors
- ✓ Park and shut down the forklift, ensuring safety and security

Unit Standards

UNIT 10851 Operate a powered industrial lift truck (forklift)
